

Student Assistant (m/f/d) for the Research and Transfer Center "
"Sustainable Development & Climate Change Management" (FTZ-NK)
required from 01.09.2022 to 31.12.2022
(450 Euro/month)

The Research and Transfer Center "Sustainable Development & Climate Change Management" (FTZ-NK), Life Sciences Faculty, Hamburg University of Applied Sciences, got funded by the German Academic Exchange Service (DAAD), for implementing two projects "Digital Learning for Sustainable Development in Ukraine" and "Digital Learning for Health and Climate Change in Ukraine". Hence, we require Student assistants to provide support on these projects.

Duties include but are not limited to the following:

- Provide support for the preparation of materials related to the projects.
- Provide support to the platform and course delivery from 01 September to 31 December 2022.
- Any other duty related to the projects, assigned by the supervisor/s.

What we expect:

- Reliability and diligence
- Experience in working with Microsoft Office
- Very good knowledge of English
- Organizational talent and ability to work independently
- Quick comprehension
- Flexibility in terms of time

What we offer:

- An interesting and diverse work area in the Research and Transfer Centre "Sustainable Development & Climate Change Management" (FTZ-NK) in a warm and relaxed working environment
- A workplace in the office and the possibility to work partly in the home office
- Flexible working hours

Your contact person:

Alexandros Lingos, Email: Alexandros.Lingos@haw-hamburg.de

We are looking forward to your application!

Please send us your application by e-mail (one PDF document, max. 5 MB):

- with a Curriculum Vitae in tabular form
- Cover letter and description of your motivation and suitability for the job
- with your e-mail address, telephone number

We accept applications (initially) until 12.8.2022.
