5th WORLD SYMPOSIUM ON SUSTAINABILITY SCIENCE AND RESEARCH

26-27 May 2025;
Lisbon, Portugal

What is it about?

This symposium offers an opportunity for academics, researchers, practitioners - working with Sustainability Science and Research-, and other interested public to meet their peers from across the world and **discuss the pivotal role of institutions in driving the Sustainability Transition.**

This symposium **aims** to:

I. provide a platform to **discuss the role** of institutions in leading sustainability transitions towards the implementation of the SDGs;

II. **mobilise the relevant actors** (i.e. government offices and authorities, Higher Education Institutions, enterprises, and NGOs) to deliberate on the role of digital innovative technologies in fostering sustainability efforts within institutions and the broader community.

III. **foster the exchange** of ideas, experiences, and successful sustainability practices and projects towards achieving Sustainable Global Citizenship.

Key topics

Three tracks will be organised, dealing with the state of the art of Sustainability Science and Research today, with a **with a focus on Sustainability Transition and Global Citizenship in the Digital Era:**

Track 1: Sustainability Transitions

Track 2: Digital Era, Technologies, and Innovations for Sustainability

Track 3: Global Citizenships and Governance for SDGs

OPPORTUNITY TO PUBLISH:

Chapters can be published in a **Springer Nature Book.**
