SYMPOSIUM ON SUSTAINABILITY IN THE CURRICULUM AND OPERATIONS OF UNIVERSITIES

5-6 May 2025 | Federal University of Uberlândia, Brazil

What is it about?

The Symposium aims to provide a platform for researchers and educators engaged with sustainability education and operations, to exchange their knowledge and perspectives. It will also facilitate networking and the development of partnerships and promote collaborative efforts for those working on implementing sustainability in their curriculum and campus operations.

Key Speakers

Prof. Dr. Walter Leal
Role of networks in guiding sustainability in higher education
HAW Hamburg, Germany

Prof. Dr. Aracy Alves Araújo
Regional Aspects of Sustainability and the Role of Universities
UFU, Brazil

Prof. Dr. Carla Marcolin
Artificial Intelligence for Sustainability Governance in Universities
UFU, Brazil

Prof. Dr. Jaluza Maria Lima Silva Borsatto
Sustainability in University Hospitals
